

Pankajam Sridevi
Managing Director, ANZ Bengaluru Hub

Pankajam Sridevi is the Managing Director of ANZ Bengaluru Hub, leading a team of more than 7,000 staff in Technology and Operations.

She is instrumental in making the adoption of Robotics Process Automation successful across ANZ's functional groups & countries.

Pankajam has been at the forefront of leading the diversity and inclusion agenda in ANZ through her steadfast focus on increasing the hiring of women and people with disabilities.

Under her leadership, ANZ Bengaluru Hub received the NCPEDP-Lemon Tree Helen Keller Award in 2015 for its commitment towards promoting equal employment opportunities to persons with disabilities (PWD). In 2016, the organization won the NASSCOM D&I Award for PWD Inclusion.

She has worked in reputed companies and has over 28 years of rich experience in diverse segments ranging from manufacturing, technology (including design of integrated process automation/systems, technology service management and software development), and IT-enabled services.

Pankajam holds an engineering degree from NIT, Kozhikode. Prior to ANZ, she has spent most of her career with Wipro and ABB across technology, operations and engineering.
